

2014-15 Income Limits for New Students **Milwaukee Parental Choice Program and Racine Parental Choice Program**

For the 2014-15 school year, the family income of a student new to the program must be at or below the amount listed in the table below. If a student is continuing in the program or was on a choice waiting list at a choice school in the prior year, he or she is no longer required to meet the income limits. Family income includes the income of the child's parent(s) or legal guardian(s) that reside in the same household as the student applicant. If the child's parents/legal guardians are married their income is reduced by \$7,000 when determining income eligibility for the program. Family size includes parents/legal guardians and their children by birth, marriage or adoption that reside in the same household as the student applicant.

For each additional member add \$12,228

A private school may, in addition to the state aid payment it receives, charge a choice student tuition in an amount determined by the school if both of the following apply: (a) the student is in grades 9 through 12; and (b) the family income of the student exceeds 220% of the federal poverty level as listed below. The private school makes the determination whether the school can charge a choice student tuition in grades 9 through 12. The private school must establish a process for accepting appeals to the school's governing body related to the school's determination to charge a choice student tuition based on the student's family income.
